- know more aboute as in about as page

Problems:

- 1. cart (doesn't insert the data in the cart table correctly).
- 2. log in (information is not taken from the database).

EXTRA

1- Tooltip:

provides additional information about a UI element when the user hovers the mouse pointer over that element.

2 - Alert:

box that can be used to display messages, obtain user input, or prompt the user for a response.

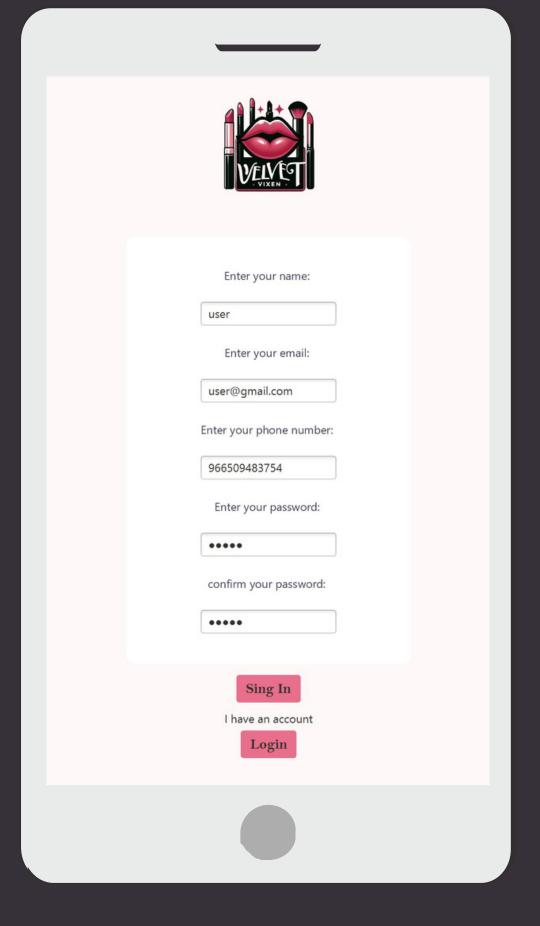

3 - Animation

dynamic and smooth transition of visual elements over time. Because animations can reinforce brand identity and create a memorable user experience. In the game and the opening interface.

4 - Color picker with scoller control for selecting a color, and you can combine it with a scoller to allow users to adjust the color components. We used it because it is easy to use and fun.

In the heart of Mecca, where the city lights shimmer in the night sky, a bold and innovative makeup brand emerged - Vilxetn Vixen. Founded by a group of visionary entrepreneurs, Asayel, Amal, Jana, Rawaa, and Maisaa, Vilxetn Vixen aimed to redefine beauty standards in Saudi Arabia by embracing bold colors and contemporary styles.

of the words "velvet" and "vixen,"
symbolizing the luxurious textures of the
products and the daring spirit of the
modern Saudi woman.

What sets Vilxetn Vixen apart is its commitment to inclusivity. They ensured that the product range caters to a wide range of skin tones, acknowledging the diversity within Saudi Arabia. The packaging features a sleek and modern design, adorned with Arabic calligraphy that pays homage to the rich heritage of the kingdom.

In the heart of the city of Mecca, Vilxetn Vixen stood as a symbol of empowerment and self-expression. Their vision became a reality, creating a local Saudi makeup brand that not only adorns faces with vibrant colors but also empowers women to embrace their unique beauty in a modern world.
